

READING

READING VALUE RUBRIC

for more information please contact val@acu.org

Definition

Reading is "the process of simultaneously extracting and constructing meaning through interaction and involvement with written language" (Snow et al, 2002). (From www.rand.org/pubs/research_briefs/RB8024/index.html)

Evaluators are encouraged to assign a zero to any work sample or collection of work that does not meet the benchmark (cell one) |
